

     
School has closed to some children because of the Corona Virus.

     
I am still going to school at this time.

       
There were be less children and adults at school.

        
While I am at school the adults will keep me safe.

 
It is ok to feel worried.

         
I will talk to the adults at home and school if I feel worried.
