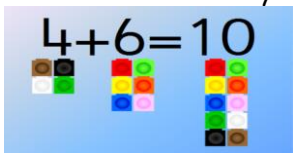
Year 2 Home Learning Grid Autumn 1

Choose one task to complete each week (you can do more than one task a week if you wish). Tick off the task you have completed and put a date next to it to show when you completed it. Your tasks will also be available on Google Classroom so you can choose how to share your learning – either online or by bringing your home learning book in on a **Wednesday**.

You will have a spelling quiz each **Friday**, you will have a whole week to learn your new words - try your best to practise every day and remember, have fun with your home learning!


Can you a write poem based on your favourite thing to do at home? 	**Can you research a charity? Make a poster explaining what they do. Who do they help? What is their logo?** *Challenge: Can you do something for charity? Maybe you will give some old toys to the charity shop. Maybe you will help an old person pack their shopping.* 	**Can you create a poster displaying facts about Hinduism?** 	**Can you design a card for one of your friends telling them all the things you like about them?**
Can you read a book and draw a picture of your favourite part? 	**Can you create a food pyramid?** 	**Can you write a recount of an episode of your favourite programme?** 	**Can you find different ways to record your number bonds to 10?** You could use your toys, books, pencils, fingers etc to help you. You could take pictures or draw out your representations like we have been doing in class – the choice is yours!
