

Year 3

Summer Term 2

Contrasting Concepts

In Year 3 we are exploring the theme 'Contrasting Concepts' through *The Boy at the Back of the Class* by Onjali Q. Rauf. We hope this will inspire and motivate us as learners in these areas:

- **As Readers**, we will be reading 'The Boy at the Back of the Class' by Onjali Q. Rauf. We will immerse ourselves in a range of literature to support our writing outcomes.
- **As Writers**, we will be using rich language to write stories in which different people have different points of view about the same event. For our non-fiction writing, we will be learning how to write discussion texts.
- **As Mathematicians**, we will continue working on problems that involve telling time. We will also be exploring properties of shapes, and learn about measuring mass and capacity.
- **As Scientists**, we will continue exploring forces and magnets.
- **As Historians**, we will continue exploring the life of the Anglo-Saxons.
- **As Geographers**, we will use maps, atlases and globes to locate and describe the places we have learned about.
- **As Artists and Designers**, we will be exploring mixing colours and graduation techniques using watercolour. We will also be drawing 3D objects.
- **As Theologians**, we will continue exploring Hinduism and look at the major principles which underpin the religion.
- **As Computer Scientists**, we will be learning how to collect and analyse data.
